

# SPOTCHEM SE-1520

## ELECTROLYTE ANALYSER

*Spotchem SE-1520 offers electrolyte testing without the cost of high priced cartridges or panels*

### 3 Quick and easy steps to test:

**Step 1:** Set the exclusive E-Plate on the analyser

**Step 2:** Draw the sample and reference solution

**Step 3:** Apply sample and reference solution to E-Plate. *Results in one minute.*
